## PROFILE SUMMARY

Creative and detail-oriented **UI/UX and Graphic Designer** with a strong foundation in user-centered design and visual storytelling. Experienced in crafting digital and print designs through projects and an internship at doodleblue Private Limited. Proficient in Adobe Illustrator, Photoshop, and Figma, with a portfolio featuring branding, logos, packaging, and marketing assets. Seeking to apply technical skills and artistic vision in a design role focused on creating intuitive user experiences.

## EDUCATION

2012 - 2022

ST JOHNS MATRICULATION  
HIGHER SECONDARY SCHOOL,  
CHENNAI

2022 - Present

PANIMALAR ENGINEERING  
COLLEGE, CHENNAI

- B.E Computer Science and Engineering

## INTERNSHIP

**Doodleblue Innovations Private Limited** June 2024 - July 2024  
UI/UX Design Intern

As a UI/UX Design Intern at doodleblue Private Limited, I gained hands-on experience in user-centered design for digital applications. My responsibilities included user research, wireframing, and creating interactive prototypes. Working closely with designers and developers, I contributed to intuitive and visually engaging user interfaces. This internship enhanced my design skills and deepened my understanding of the full design process, from ideation to execution, with a focus on user experience.

## SKILLS

- Design Software
- Prototyping Tools
- Branding & Identity Design
- Wireframing
- Interaction Design
- Creativity & Visual Storytelling
- User-Centered Approach

## CERTIFICATES

- UI/UX for Beginners by Great Learning Academy  
The certificate is awarded to Immanuvel C by Great Learning Academy for successfully completing an online course titled UI/UX for Beginners. This course completion took place in October 2024. The certificate verifies that Immanuvel has gained foundational knowledge in UI/UX design through this introductory course.
- Digital Skills: User Experience by Accenture  
This certificate represents the completion of a course titled Digital Skills: User Experience, provided by Accenture through FutureLearn. The three-week online course, with an expected commitment of two hours per week, introduced the basics of User Experience (UX) design. It covered the importance of UX in the digital world, the foundations of UX design, and the process stages: design, develop, and release. Topics included information architecture, user journeys, wireframes, prototypes, and user testing.
